

Would you like to meet other parents in your child's class?

Are you interested in discussing and sharing ideas with other parents at the school?

Do you want somewhere to have a chat with other parents while your children are playing safely nearby?

Now you can.

Welcome to the Parent Network. The Parent Network is a free and optional drop-in style session for all parents and carers of children that attend Bellenden Primary School.

The group has been created by parents for parents so you can feel free to share your concerns and praises, get to know the parents your kids play with and make new friends. This is not a PTA (Parent & Teacher Association) so fund-raising is optional!

Launching on:

Wednesday 25 April 2018

3.30pm - 4.30pm

Entry via Reception

This first session will include a brief introduction and discussion including possible sign-ups for WhatsApp group/email, Parent Network guidelines and house rules, volunteers for Parent Network support/representatives and any other ideas and opportunities you would like to share.
