Dear Parents and Carers,

A quick introduction. My name is Josh Solnick and, from September, I will be your child's class teacher. I am joining the school as an NQT, having recently spent a year training with the Primary Advantage federation (Hackney) and graduating from London's prestigious Institute of Education (IOE). Prior to training as a primary teacher I gained a 1st from S.O.A.S. in the Study of Religions. After graduating, I worked as a tour guide for five years before moving on to deliver literacy workshops for different organisations in schools, theatres and universities around London and the UK.

From September I will form 1/2 of the Year 6 team at Bellenden, working alongside Santosh Shirodkar in a new teaching team, marking an exciting and fresh start in both classrooms in the fantastic new building on Dewar Street. Having recently met and spent time with the class, it is clear we have a brilliant cohort of students.

I very much look forward to getting to know your child and you in September. As the year progresses I hope we can work closely to ensure the best for your child.

Yours sincerely,
Josh Solnick
