18th of March 2019,

Dear Parents and Carers,

We have been so impressed by the calmness and resolve of our school family. Parents, staff and children are trying to go about their daily lives with care for all. In school the children have been amazing.

You will notice that from today your children may be taught by different staff members than their ordinary teacher or support staff.

This is because Senior staff are having to make operational decisions to ensure all classes have the appropriate number of staff in their class.

Our first priority is always to ensure that pupils are safe and feel secure in school. All adults are actively making sure that this is the case.

Please be assured that we have put continuity plans in place so that school will continue to remain a safe and secure place for all pupils.

Many thanks for your continued support.

With best wishes,

**Gregory Doey
Julie Ireland**
